6. Tree Preservation Order Details

Are you wishing to carry out works to tree(s) in a Conservation Area (CA)?

☐ Yes ☒ No

Are you seeking consent for works to tree(s) Subject to a Tree Preservation Order (TPO)?

☒ Yes ☒ No

Do you know the title of the Tree Preservation Order (TPO)?

☐ Yes ☒ No

If Yes, please provide the title of the TPO:

7. Identification Of Tree(s) And Description Of Works

Before answering these questions you might find it helpful to consult a tree surgeon to clarify what needs to be done.

Please provide a full and clear description of:

- The proposed works
- The trees affected including species and location

Horse chestnut in corner of property at front. Right hand leading
stem is diseased over bridleway reduce back to good growth
point for safety and the health of the tree.

Trees protected by TPO should be numbered according to the First Schedule of the Tree Preservation Order. For example - T3 oak; two beech and one birch in G2.

You must identify the trees on a sketch plan showing the location in relation to building(s), named roads and boundaries.

Please state the reference number you have given the plan (as described above):

8. Trees - Reasons For Works

This section only needs to be completed if you are seeking consent for proposed works to trees under a Tree Preservation Order (TPO)

Please state the reasons for carrying out the proposed works on the tree(s):

There is a diseased limb over the bridleway. I look at the Horse chestnut in July 2024 it showed leaf loss and was showing stress, parts of the limb were dead and had started to break off from the stem. The tree was showing slight stress growth at the top. There is a public bridleway and path directly under the limb affected. For public safety and for the health of the tree overall I recommend taking off 10-12 ft from the top of the right hand leading stem over the path to the next healthy growth point reduction of crown on right hand side by 25-30% (see Summer (tree surgeon))

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the documents specified.

Health or safety of the tree(s) - e.g. it is diseased, fears that it might break or fall:

☒ Yes ☐ No

If Yes, information required - report by a tree professional (e.g. arboriculturist, horticultural adviser).

Alleged subsidence damage:

☐ Yes ☒ No

If Yes, Information required: Full report by an engineer or surveyor, together with one from a tree professional - to include date and description of property damage; sub-soil type and shrinkage potential; location of any roots found and their identification; history of ground and building movement through a distortion survey and/or level or crack monitoring over suitable period; other vegetation in the vicinity and its management since discovery of the damage.

9. Trees - Additional Information

Are you providing additional information in support of your application?

☒ Yes ☐ No

If Yes, please provide the reference numbers of plans, documents, professional reports etc in support of your application:

I don't think that a full crown reduction is needed on the tree. The affected limb has good growth points below and I believe this will grow back without affecting the overall aesthetics of the tree. recommended works are reduction of crown 25% - 30% and deadwood of any affected wood internally, or split or damaged limbs.

10. Application For Tree Works - Checklist

Please use this checklist to ensure that the form has been completed correctly and that all relevant information is submitted. For works to trees protected by a Tree Preservation Order, failure to supply sufficiently precise and detailed information may result in your application being rejected or delay in dealing with it. In particular, you MUST provide the following:

The original and 3 copies of a completed and dated application form. ☒

The original and 3 copies of a sketch plan showing the location of all tree(s). ☒

The original and 3 copies of a full and clear specification of the works to be carried out. ☒

The original and 3 copies of a statement of reasons for the proposed work. ☒

- evidence in support of statement of reasons. In particular, you should provide:

The original and 3 copies of a report by a tree professional (e.g. arboriculturist or horticultural adviser) if your reasons relate to the health and/or safety of the tree(s). ☒

The original and 3 copies of a report by an engineer or surveyor, together with one from a tree professional (arboriculturist) if you are alleging subsidence damage. ☐

SEE SECTIONS
7, 8, & 9 OF THIS
APPLICATION
