## SYMBOLS

|      |                                                                                        |
|------|----------------------------------------------------------------------------------------|
| F1   | Bridges - flat bridge with composite timber surfacing, steel framework                 |
| F2   | Electric Charging Units - use and specification to engineers details                   |
| F3   | Signage - interpretation / information / community boards for visitors and users       |
| F4   | Benches - to be specified to engineers details                                         |
| F5   | Raised Platforms - timber decking, preferably FSC oak                                  |
| F6   | Greenhouse - raising area prepared to receive growing beds                             |
| F7   | Overhead Cable - composite post and steel into S&S towers, aluminium / stainless steel |
| F8   | Bench - steel and hardwood timber construction, metal to have back support             |
| F9   | Overhead Cable - composite post and steel into S&S towers, aluminium / stainless steel |
| F10  | Overhead Cable - composite post and steel into S&S towers, aluminium / stainless steel |
| F11  | Overhead Cable - composite post and steel into S&S towers, aluminium / stainless steel |
| F12  | Cycle stands - stainless steel / aluminium                                             |
| F13  | Walls - composite timber slat supports with flow coated finishes                       |
| F14  | Stepping logs - timber / composite timber                                              |
| F15  | With slip resistant tread                                                              |
| F16  | Walls - steel and timber / stainless steel                                             |
| F17  | Edge treatment - for decking and bridge surfaces, composite timber, 100mm high         |
| F18  | Walls - steel and timber / stainless steel                                             |
| F19  | Walls - steel and timber / stainless steel                                             |
| F20  | Walls - steel and timber / stainless steel                                             |
| F21  | Walls - steel and timber / stainless steel                                             |
| F22  | Walls - steel and timber / stainless steel                                             |
| F23  | Walls - steel and timber / stainless steel                                             |
| F24  | Walls - steel and timber / stainless steel                                             |
| F25  | Walls - steel and timber / stainless steel                                             |
| F26  | Walls - steel and timber / stainless steel                                             |
| F27  | Walls - steel and timber / stainless steel                                             |
| F28  | Walls - steel and timber / stainless steel                                             |
| F29  | Walls - steel and timber / stainless steel                                             |
| F30  | Walls - steel and timber / stainless steel                                             |
| F31  | Walls - steel and timber / stainless steel                                             |
| F32  | Walls - steel and timber / stainless steel                                             |
| F33  | Walls - steel and timber / stainless steel                                             |
| F34  | Walls - steel and timber / stainless steel                                             |
| F35  | Walls - steel and timber / stainless steel                                             |
| F36  | Walls - steel and timber / stainless steel                                             |
| F37  | Walls - steel and timber / stainless steel                                             |
| F38  | Walls - steel and timber / stainless steel                                             |
| F39  | Walls - steel and timber / stainless steel                                             |
| F40  | Walls - steel and timber / stainless steel                                             |
| F41  | Walls - steel and timber / stainless steel                                             |
| F42  | Walls - steel and timber / stainless steel                                             |
| F43  | Walls - steel and timber / stainless steel                                             |
| F44  | Walls - steel and timber / stainless steel                                             |
| F45  | Walls - steel and timber / stainless steel                                             |
| F46  | Walls - steel and timber / stainless steel                                             |
| F47  | Walls - steel and timber / stainless steel                                             |
| F48  | Walls - steel and timber / stainless steel                                             |
| F49  | Walls - steel and timber / stainless steel                                             |
| F50  | Walls - steel and timber / stainless steel                                             |
| F51  | Walls - steel and timber / stainless steel                                             |
| F52  | Walls - steel and timber / stainless steel                                             |
| F53  | Walls - steel and timber / stainless steel                                             |
| F54  | Walls - steel and timber / stainless steel                                             |
| F55  | Walls - steel and timber / stainless steel                                             |
| F56  | Walls - steel and timber / stainless steel                                             |
| F57  | Walls - steel and timber / stainless steel                                             |
| F58  | Walls - steel and timber / stainless steel                                             |
| F59  | Walls - steel and timber / stainless steel                                             |
| F60  | Walls - steel and timber / stainless steel                                             |
| F61  | Walls - steel and timber / stainless steel                                             |
| F62  | Walls - steel and timber / stainless steel                                             |
| F63  | Walls - steel and timber / stainless steel                                             |
| F64  | Walls - steel and timber / stainless steel                                             |
| F65  | Walls - steel and timber / stainless steel                                             |
| F66  | Walls - steel and timber / stainless steel                                             |
