

Planting List

Doronicum x excelsum

Geranium Species

Prunus Avium

Berberis Darwinii

Rosa Rugosa

Ajuga Reptans

Planting List and Maintenance Regime		
Species	Proposed Maintenance Plan	Maintenance Frequency
Doronicum x excelsum	All plants to be checked for damage monthly, during the winter and fortnightly during the growing season (Summer time). Plants to be pruned/repared accordingly. Damaged or dead plants to be removed and replaced as required by the owner of the property. All plants especially designed to withstand ground conditions at Tyn Y Cwm Farm, and have been especially chosen for the rain garden.	Fortnightly during the growing season and monthly during the winter for the first year. As required every year after that
