

The following bat and bird boxes will be installed:

Left: The Beaumaris Bat Box is made from 100% WoodStone which is very durable so this product has a lifetime warranty. The attractive design is suitable for crevice roosting bats and has a rough interior to provide lots of grip. Bats need to increase their body temperature before flight so prefer warm roosting spots, which is why many of our bat boxes have a black exterior to absorb heat from the sun. WoodStone isn't just strong, it also has good thermal insulation, reducing temperature fluctuations inside the box and helping to make this an ideal roost site.

Schwegler 1SP Nest Box - Sparrow Terrace - Brown

Winning aid, especially for raising young

Simple installation

Made from strong, long-lasting material, with excellent insulating properties

It is considered that subject to the above, that the proposed development would have no impact on biodiversity and the bat and bird boxes and tree will build resilient ecological networks and deliver net benefits for biodiversity by accommodating bat and bird boxes to the rear of the property.

Thus ensuring that any adverse environmental effects are avoided.
