

**NEATH PORT TALBOT COUNTY BOROUGH COUNCIL
CYNGOR BWRDEISTREF SIROL CASTELL-NEDD PORT TALBOT**

**TOWN AND COUNTRY PLANNING ACT 1990
THE TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT
PROCEDURE) (WALES) ORDER 2012**

APPROVAL OF FULL PLANNING PERMISSION

Name and address of the applicant

Mr Dan McCallum
Awel Aman Tawe
76-78 Heol Gwilym
Cwmllynfell
Swansea
SA9 2GN

Name and address of the agent

Mrs Rachel Kennedy
Dulas Ltd
Unit 2
Dyfi Eco Park
Machynlleth
SY20 8AX

DATE REGISTERED: 10 June 2020

APPLICATION NO: P2020/0408

LOCATION: Land To The West Of, Cwmgors On Mynydd Uchaf, Adjoining
Community Wind Turbines

PROPOSAL: Installation and operation of a ground mount PV solar farm up
to 2.23Mega Watts (MW) in capacity and associated
infrastructure including site track, inverters, battery storage
containers, transformers, CCTV, fence and education area
including open sided shelter.

NEATH PORT TALBOT COUNTY BOROUGH COUNCIL as the Local Planning Authority
in pursuance of its power under the above mentioned Act and Order hereby **GRANTS
PLANNING PERMISSION** for the development as described above to be carried out in
accordance with the application and the plans submitted therewith, subject to compliance
with the following conditions:

Conditions:-

This decision notice is REVISION NUMBER 1, issued on 07/05/2025

Time Limit Conditions

- 1 The development shall begin no later than five years from the date of this decision.

Reason:

To comply with the requirements of Section 91 of the Town and Country Planning
Act 1990.

List of Approved Plans

- 2 The development shall be carried out in accordance with the following approved plans and documents:
Mynydd y Gwrydd Solar Farm -Environmental Report May 2020
Design and Access Statement -May 2020
Coal Mining Risk Assessment Sept 2020
Site Location V2
Figure 3.9 Indicative Education Area Rev A
Reason
In the interest of clarity.

Pre-Commencement Conditions

- 3 Before beginning any development at the site, you must do the following: -
- a) Notify the Local Planning Authority in writing that you intend to commence development by submitting a Formal Notice under Article 24B of the Town and Country Planning (Development Management Procedure) (Wales) Order 2012 (DMPWO) in the form set out in Schedule 5A (a newly inserted Schedule) of the DMPWO (or in a form substantially to the like effect); and
- b) Display a Site Notice (as required by Section 71ZB of the 1990 Act) in the form set out in Schedule 5B (a newly inserted Schedule) of the DMPWO (or in a form substantially to the like effect), such Notice to be firmly affixed and displayed in a prominent place, be legible and easily visible, and be printed on durable material. Such Notice must thereafter be displayed at all times when development is being carried out.

Reason:

To comply with procedural requirements in accordance with Article 24B of the Town and Country Planning (Development Management Procedure) (Wales) Order 2012 (DMPWO) and Section 71ZB of the Town and Country Planning Act 1990.

NOTE: Templates of the required Notice and Site Notice are available to download at www.npt.gov.uk/planning

- 4 Prior to the commencement of development a monitoring scheme for biodiversity shall be submitted to and approved in writing by the Local Planning Authority.

Reason:

To ensure that the ecological mitigation is overseen by an appropriately competent ecologist, and to ensure the development complies with Policy EN7 of the Neath Port Talbot Local Development Plan.

Details in respect of the above condition were approved by planning permission ref. P2024/0720 on 07/05/2025

- 5 No development shall take place until the applicant, or their agents or successors in title, has secured agreement for a written scheme of historic environment mitigation which has been submitted by the applicant and approved by the local planning authority. Thereafter, the programme of work will be fully carried out in accordance with the requirements and standards of the written scheme.

Reason:

To identify and record any features of archaeological interest discovered during the works, in order to mitigate the impact of the works on the archaeological resource as required by Planning Policy Wales and Policy SP21 of the Neath Port Talbot Local Development Plan

Details in respect of the above condition were approved by planning permission ref. P2024/0720 on 07/05/2025

- 6 No development shall take place to construct the road or dwellings until a Construction Method Statement has been submitted to and approved in writing by the Local Planning Authority. The statement shall provide for:

- a. the parking of vehicles of site operatives and visitors
- b. loading and unloading of plant and materials
- c. scoping route for deliveries shall be required.
- d. storage of plant and materials used in constructing the development
- e. the erection and maintenance of security hoarding, where appropriate
- f. security arrangements and contact details in case of an emergency.
- g. timings of deliveries.
- h. Location and details of wheel washing facilities
- i. measures to control the emission of dust and dirt during construction
- j. a scheme for recycling/disposing of waste resulting from demolition and construction works
- k. scheme for the erection of temporary/semi temporary signage
- l. The Construction Method Statement shall be signed by a competent person(s).

The approved Statement shall be adhered to throughout the construction period.

Reason

In the interest of highway and pedestrian safety, the environment and residential amenity and to ensure accordance with Policies BE1 and TR2 of the adopted Neath Port Talbot Local Development Plan.

- 7 No development or site clearance shall take place until there has been submitted to and approved in writing by the Local Planning Authority a scheme of landscaping for the southern boundary of the site. The scheme shall include indications of all existing trees (including spread and species) and hedgerows on the land, identify those to be retained and set out measures for their protection throughout the course of development. All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding seasons following first beneficial use of the development, and any trees or plants which within a period

of 5 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species.

Reason:

In the interests of maintaining a suitable scheme of landscaping to protect the visual amenity of the area, to maintain the special qualities of the landscape and habitats through the protection, creation and enhancement of links between sites and their protection for amenity, landscape and biodiversity value, and to ensure the development complies with Policies SP15 and BE1 of the Neath Port Talbot Local Development Plan.

Action Conditions

- 8 Within 30 years and six months following completion of construction of the development, or within six months of the cessation of electricity generation by the solar photovoltaic facility, or within six months following a permanent cessation of construction works prior to the solar photovoltaic facility coming into operational use, whichever is the sooner, the solar photovoltaic panels, frames, foundations, and all associated structures and fencing hereby approved shall have been dismantled and removed from the site. The developer shall notify the Local Planning Authority in writing no later than five working days following cessation of power production. The site shall subsequently be restored in accordance with a scheme, the details of which shall be submitted to and approved in writing by the Local Planning Authority no later than three months following the cessation of power production or within 30 years of the completion of construction, whichever is the sooner.

Reason:

In the interests of visual amenity and to accord with Policy RE1 of the Neath Port Talbot Local Development Plan.

- 9 Notwithstanding the submitted information, a Decommissioning Plan shall be submitted to and approved in writing by the local planning authority prior to the first beneficial use of the development for the generation of electricity. The Decommissioning Plan shall include details of the works necessary to revert the site to its original condition, including the method for the removal of all the solar panels, cabins, structures, enclosures, equipment and all other apparatus above and below ground level from the site and details of their destination in terms of waste/recycling, and details of how the site is to be restored to its original condition.

Reason:

In the interests of visual amenity and to accord with Policy RE1 of the Neath Port Talbot Local Development Plan.

Details in respect of the above condition were approved by planning permission ref. P2024/0720 on 07/05/2025

- 10 The noise rating level of plant/machinery at the development shall not exceed the existing background noise level. The noise levels shall be determined at the nearest noise-sensitive premises or at another location that is deemed suitable by the Authority. Measurements and assessments shall be made in accordance with "BS 4142:2014 Methods for rating and assessing industrial and commercial sound".

In the event of noise complaints being received, the Local Authority may require the applicant to undertake a noise assessment in accordance with BS4142. The methodology shall be agreed with the Local Authority.

A copy of the noise assessment report shall be submitted to the Local Authority, and if the report includes recommendations; the recommendations shall be implemented.

Reason

In the interests of local amenity, and to ensure compliance with Policies SP16, EN8 and BE1 of the Neath Port Talbot Local Development Plan.

- 11 A survey for 200m in both directions of the A474 Pontardawe Road and Perthgwynion Access Road up to and as far as the access onto private land shall be undertaken prior to any construction deliveries to site. A second survey of the above shall be undertaken once construction is completed. Both surveys shall be submitted to and approved in writing by the Local Planning Authority. Any damage along both highways construction shall be made good by the developer.

Reason

In the interests of highway safety and to ensure the development complies with Policy TR2 of the Neath Port Talbot Local Development Plan.

- 12 Should any springs or ground water seepage be encountered the on site works in that area shall cease until a scheme for collection and disposal of the water has been submitted to and approved in writing by the Local Planning Authority. No ground water shall ever be discharged into the proposed drainage scheme. The scheme shall be implemented as approved.

Reason

In the interest of satisfactory drainage of the site, and ensure the development complies with Policy SP16 and BE1 of the Neath Port Talbot Local Development Plan.

Regulatory Conditions

- 13 No surface water and/or land drainage shall be allowed to connect directly or indirectly with the public sewerage network.

Reason:

To prevent hydraulic overloading of the public sewerage system, to protect the health and safety of existing residents and ensure no pollution of or detriment to the environment, and to ensure the development complies with Policy SP16 and BE1 of the Neath Port Talbot Local Development Plan.

- 14 A satisfactory vehicular turning space shall be provided within the boundary of the site so that all vehicles can enter and leave in a forward gear, and maintained as such thereafter.

Reason

In the interests of highway safety and to ensure the development complies with Policy TR2 of the Neath Port Talbot Local Development Plan.

- 15 Adequate provision shall be made for the drainage of the site, during the course of construction to ensure that the drainage of any adjoining land is not interrupted or otherwise adversely effected by the development.

Reason

In the interest of satisfactory drainage of the site, and ensure the development complies with Policy SP16 and BE1 of the Neath Port Talbot Local Development Plan.

- 16 All works shall be carried out in accordance with the recommendations contained within Sections 5.5.1 -5.5.9 of Mynydd y Gwryd Solar Farm Environmental Report - May 2020 and under the supervision of an Ecological Clerk of Works if works take place during the bird nesting season.

Reason:

To ensure that the ecological mitigation is overseen by an appropriately competent ecologist, and to ensure the development complies with Policy EN7 of the Neath Port Talbot Local Development Plan.

- 17 The construction site compound, storage area plus access tracks shall be covered with mats to prevent damage to the ground underneath. Once construction is finished the mats will be removed and the area reseeded with an appropriate seed mix or left to regenerate naturally.

Reason:

In the interests of biodiversity and to ensure the development complies with Policy EN7 of the Neath Port Talbot Local Development Plan.

- 18 Construction works shall not take place outside the hours of 8am to 5pm Monday to Friday, 8am to 1pm on Saturdays and not at all on Sundays and Bank Holidays.

Reason

In the interest of residential amenity and to ensure the development complies with Policy BE1 and EN8 of the Neath Port Talbot Local Development Plan.

Informatives:

1 The archaeological work must be undertaken to the appropriate Standard and Guidance set by Chartered Institute for Archaeologists (CIfA), (www.archaeologists.net/codes/cifa) and it is our Policy to recommend that it is carried out either by a CIfA Registered Organisation (www.archaeologists.net/ro) or an accredited MCIfA Member.

2 Prior to commencement of any works within a watercourse, hereby approved permanent and temporary under Section 23 of the Land Drainage Act 1991 must be obtained from the Authority. You are therefore advised to contact the Development Management Engineer, Mr Justin Griffiths at The Quays, Brunel Way, Baglan Energy Park, Neath, SA11 2GG (Tel.No.01639 686397 e-mail j.griffiths4@npt.gov.uk . Please note such consents can take up to 8 weeks to be processed after registration and early application is advised.

3 Notwithstanding the necessary consent required under section 23 of the Land Drainage Act 1991. The applicant must note that any culverts/ditches/open watercourses that conveys water through their land are to remain free from obstruction at all times. All tributary watercourses (culverted or not) located within the applicants land would be riparian responsibilities whereby the responsibility to sustain the flow of watercourse would remain with the land owner and subsequently passed on to the respective landowners thereafter should the land be sold. For further information on riparian responsibilities please contact Mr Justin W. Griffiths Senior Engineer - Team Leader (Tel: 01639 686397 or email j.griffiths4@npt.gov.uk), alternatively you could access the riparian booklet online using the following web-link <https://www.npt.gov.uk/2867>

4 SAB approval will be required prior to any work commencing. To commence work is a breach of SAB approval required under Paragraph 7 (1) Schedule 3 of the Flood and Water Management Act 2010 whereby legal action will be taken by the Authority under The Sustainable Drainage (Enforcement) (Wales) Order 2018. Guidance and applications can be found on <https://www.npt.gov.uk/17534>

5 The applicant may need to apply to Dwr Cymru / Welsh Water for any connection to the public sewer under S106 of the Water industry Act 1991. If the connection to the public sewer network is either via a lateral drain (i.e. a drain which extends beyond the connecting property boundary) or via a new sewer (i.e. serves more than one property), it is now a mandatory requirement to first enter into a Section 104 Adoption Agreement (Water Industry Act 1991). The design of the sewers and lateral drains must also conform to the Welsh Ministers Standards for Gravity Foul Sewers and Lateral Drains, and conform with the publication "Sewers for Adoption"- 7th Edition. Further information can be obtained via the Developer Services pages of www.dwrcymru.com The applicant is also advised that some public sewers and lateral drains may not be recorded on Welsh Water maps of public sewers because they were originally privately owned and were transferred into public ownership by nature of the Water Industry (Schemes for Adoption of Private Sewers) Regulations 2011. The presence of such assets may affect the proposal. In order to assist Welsh Water in dealing with the proposal the applicant may contact Dwr Cymru Welsh Water to establish the location and status of the apparatus. Under the Water Industry Act 1991 Dwr Cymru Welsh Water has rights of access to its apparatus at all times.

6 The proposed development lies within an area that has defined by the Coal Authority as containing potential hazards arising from former coal mining activity. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and previous surface mining sites. Although such hazards are seldom readily visible, they can often be present and problems can occur in the future, particularly as a result of development taking place. It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required (for example the need for gas protection measures within the foundations), be submitted alongside any

subsequent application for Building Regulations approval (if relevant). Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant safety and engineering risks and exposes all parties to potential financial liabilities. As a general precautionary principle, the Coal Authority considers that the building over or within the influencing distance of a mine entry should wherever possible be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure that a suitable engineering design is developed and agreed with regulatory bodies which takes into account of all the relevant safety and environmental risk factors, including gas and mine-water. Your attention is drawn to the Coal Authority Policy in relation to new development and mine entries available at:

<https://www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries> Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action. Property specific summary information on past, current and future coal mining activity can be obtained from: www.groundstability.com or a similar service provider. If any of the coal mining features are unexpectedly encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is available on the Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority

Reason for decision

The decision to recommend planning permission has been taken in accordance with Section 38 of The Planning and Compulsory Purchase Act 2004, which requires that, in determining a planning application the determination must be in accordance with the Development Plan unless material considerations indicate otherwise. The Development Plan comprises the Neath Port Talbot Local Development Plan (2011-2026) adopted January 2016.

This application has been assessed with reference to both national and local policies. The national policies are strategically aimed at increasing renewable energy production, in order to achieve reductions in carbon emissions and reducing greenhouse gases. However, these objectives have to be balanced against the impact of such developments upon a number of criteria including primarily visual impacts ecology, the effects on communities within the local area and the visual impact.

In view of the above, it is accepted that the development will materially change the character of the site and that the proposal would have a moderately harmful effect on the character and appearance of their rural surroundings. However, it is concluded that the impact would not be of such a significant impact as to cause undue harm to the visual amenity of the area and would not be unacceptably detrimental to the character of the local landscape. Impacts upon ecology are minimal and no objections have been received from either Natural Resources Wales and the Authority's biodiversity section, it is considered that this is a benign form of development, there are no industrial emissions or by products and ultimately the site can be reinstated after the 30 year operational period.

There are no objections with regard to access during the construction or operational phases the proposal is therefore in accordance with Policy T1 of the Neath Port Talbot Unitary Development Plan.

Bearing in mind the overarching national commitment for the generation of electricity from renewable sources it is considered that these material considerations outweigh any detrimental impacts in terms visual impact. It is noted that there have been no objections from the statutory consultees with regard to impacts upon historic or designated landscapes. It is accepted that both national and local policies offer support to renewable projects and that the criteria detailed in Local and national policies have been met.

Hence, the proposed development would be in accordance with Policies SP1, SP2, SP3, SP14, SP15, SP16, SP17, SP18, SP20, SP21, SC1, I1, EN2, EN3, EN6, EN7, M1, RE1, TR2 and BE1 of the Neath Port Talbot Local Development Plan.

It is further considered that the decision complies with the Council's well-being objectives and the sustainable development principle in accordance with the requirements of the Well-being of Future Generations (Wales) Act 2015.

Signed: 

Ceri Morris – Head of Planning & Public Protection

Date: 27 November 2020

IMPORTANT:

(1) Please note that for all decisions issued after 16th March 2016 for outline or full planning permission, a revised decision notice will be issued whenever a subsequent consent is given, for example providing details of any Reserved Matters approvals (outline applications only) and/or approval of conditions (including on Reserved Matters). This will ensure that the current status of the conditions applied to a consent is clear. Accordingly you are advised to visit www.npt.gov.uk/planning to view the application documentation to see if this is the current version, or whether it has been superseded by a more up-to-date revision of this Decision Notice. For Reserved Matters approvals the revised Decision Notice will only be shown under the Outline approval.

(2) Please note that this consent is specific to the plans and particulars approved as part of the application. Any departure from the approved plans will constitute unauthorised development and may be liable to enforcement action. You (or any subsequent developer) should advise the Council of any actual or proposed variations from the approved plans immediately so that you can be advised how to best resolve the matter.

(3) In addition, any conditions that the Council has imposed on this consent will be listed above and should be read carefully. It is your (or any subsequent developers) responsibility to ensure that the terms of all conditions are met in full at the appropriate time (as outlined in the specific condition). Please note that any works carried out without compliance with the conditions attached to this approval will be entirely at the risk of the persons involved and may result in formal action being taken by the Local Planning Authority.

(4) The developer should have regard to Sections 4, 7, 8 and 8A of the Chronically Sick and Disabled Persons Act 1970 and to the British Standards Institution's Code of Practice for "Design of buildings and their approaches to meet the needs of disabled people" (BS 8300:2009+A1:2010).

(5) From 1st October 2012 it has been an offence to install a public sewer or lateral drain without having an adoption agreement in place. From the 1st October 2012 the vast majority of all existing private sewers and lateral drains which link with the public sewer network were transferred to Welsh Water. For further details on how this will affect your development please contact: Welsh Water Developer Services, PO Box 3146, Cardiff, CF30 0EH. Telephone No. 0800 9172652 or email: developer.services@dwrcymru.com.

IMPORTANT INFORMATION: TOWN AND COUNTRY PLANNING ACT 1990

The applicant's attention is drawn to the notes below.

- (1) If the applicant is aggrieved by the decision of the Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Welsh Government under Section 78 of the Town and Country Planning Act 1990 (as amended).
- (2) You can also appeal to the Welsh Government against a decision to refuse permission or grant subject to conditions in respect of applications made for :- Listed Building or Conservation Area Consent; Consent under a Tree Preservation Order; Advertisement Consent.
- (3) You can also appeal If your application for a Certificate of Lawful Existing Use or Lawful Proposed Use is partly or wholly refused or is granted differently from what you asked for (under Section 195/196) of the Town and Country Planning Act 1990 (as amended).
- (4) If you are aggrieved of the LPAs decision, the following deadlines apply for appeals to be submitted to the Welsh Government (from the date of the Council's decision):-

(1) Planning Permission (with the exception of Minor Commercial and Householder applications – see below)	Within 6 Months
(2) Householder Appeal see endnote i	Within 12 weeks
(3) Minor Commercial Appeal see endnote i	Within 12 weeks
(4) Listed Building or Conservation Area Consent appeals	Within 6 months
(5) Tree Preservation Order (TPO) Consent	Within 28 days
(6) Advertisement Consent	Within 8 weeks
(7) Certificate of Lawfulness of Existing (Section 191) or Proposed (Section 192) Use or Development	Within 6 months
(8) Hazardous Substances Consent	Within 6 months
- (5) Appeals must be made on a form which is obtainable from the Planning Inspectorate, Crown Buildings, Cathays Park, Cardiff, CF10 3NQ – Tel 0303 444 5940, or online at www.planningportal.gov.uk/pcs .
- (6) The Welsh Government has power to allow a longer period for the giving of notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- (7) The Welsh Government is not required to entertain an appeal if it appears to them that permission for the proposed development could not have been granted having regard to the statutory requirements to the provisions of the development order, and to any directions given under the Order. They do not in practice refuse to entertain appeals solely because the decision of the Local Planning Authority was based on a direction given by them.
- (8) If permission to develop land is refused or granted subject to conditions, whether by the Local Planning Authority or by the Welsh Government, and the owner of the land claims that the land has become incapable of reasonable beneficial use in its existing state and cannot be rendered capable of reasonable beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the County Borough Council, in which the land is situated, as the case may be, a **purchase notice** requiring that Council purchase his interest in the land in

accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

Making an Appeal

- (9) Please note that for all applications received by the LPA after 5th May 2017, it is now a requirement that any appeal made to the Planning Inspectorate (other than Householder and Minor Commercial Appeals, and appeals against refusal to grant advertisement consent) must be accompanied by all the information and evidence you intend to rely upon (a **“full statement of case”**). You must also send a copy of the notice of appeal and full statement of case to the LPA.
- (10) In addition, for ‘planning appeals’ an amendment to an application following notice of appeal may only be made to correct an error.
- (11) Additional details and information on making an appeal to the Welsh Government is available from the Planning Inspectorate at the above address and website. The relevant documents are entitled “making your planning appeal” and “planning appeals Public Local Inquiries”.
- (12) Further correspondence regarding this application should bear the reference number quoted on the top of the decision notice.

THIS NOTICE RELATES ONLY TO A PLANNING DECISION AND DOES NOT RELATE TO OTHER LEGISLATION INCLUDING ANY LEGISLATION UNDER:

- BUILDING REGULATIONS – Please contact buildingcontrol@npt.gov.uk or 01639 686949 to discuss all aspects of the service that is offered by Building Control
- HIGHWAY LEGISLATION

IF PLANNING CONSENT HAS BEEN GRANTED IT IS ADVISABLE TO ESTABLISH WHETHER ANY OTHER FORM OF CONSENT IS REQUIRED AND TO OBTAIN SUCH CONSENT BEFORE COMMENCING DEVELOPMENT

ⁱ Please see the [Town and Country Planning \(Referred Applications and Appeals Procedure\) \(Wales\) Regulations 2017](#) for appeal procedures and for full definitions of:

- *“householder application”* (essentially an application for the enlargement, improvement or other alteration of a dwellinghouse, or development within the curtilage of such a dwellinghouse, or change of use to enlarge the curtilage of a dwelling house)
- *“householder appeal”* means an appeal in relation to a householder application, but excludes an appeal against conditions on the grant of planning permission; or an appeal which is accompanied by an enforcement or listed building consent appeal.
- *“minor commercial application”* (essentially relates to existing buildings of no more than 250 square metres gross external floor space at ground floor level, currently in use for any of the purposes set out in Schedule 1A to The Town and Country Planning (Development Management Procedure) (Wales) (Amendment) Order 2015 which is an application for change of use from Class A1 to A2 or A3; or Class A2 to A3); or the carrying out of building or other operations to a shop front.
- *“minor commercial appeal”* means an appeal in relation to a minor commercial application but excludes an appeal against conditions on the grant of planning permission; or an appeal which is accompanied by an enforcement or listed building consent appeal.
