NB: Sewer symbol colour indicates the type.			Private Sewer Transfer
RED	Combined		Lateral Drain
GREEN	Surface Water		Inspection Chamber
BROWN	Foul		

Job/Plan ref: 18075 - 01 - 001

Key:

SA - Survey Abandoned

UTR - Unable to Raise

UTL - Unable to Locate

Whilst every reasonable effort has been taken to correctly record the pipe material of DCWW assets, there is a possibility that in some cases pipe material (other than Asbestos Cement or Pitch Fibre) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation

Dwr Cymru Cyfyngedig ("the Company") gives this information as to the position of its underground apparatus by way of general guidance only and on the strict understanding that it is based on the best information available and no warranty as to its correctness is relied upon in the event of excavations or other works made in the vicinity of the company's apparatus.

The onus of locating apparatus before carrying out any excavations rests entirely on you. The information which is supplied to you is, however, intended to assist you in your task. It is important that you are aware that the location of the 1991 which is based upon the best information available and, in particular, but without prejudice to the generality of the foregoing, it should be noted that the records that are available to the Company may not disclose the existence of a water main, gas pipe, cable, sewer, etc., which may be located at a different depth than that shown on the drawings. In such cases, too, the particulars thereof including their position underground may not be accurate. It must be understood that the furnishing of this information is entirely without prejudice to the provision of the New Roads and Street Works Act 1991 and the Highways Regulations 1997.

Service pipes are not generally shown but their presence should be anticipated
