Hi Matthew – I hope you are well

I am pleased to attached drawing no PRO1013 01 25 R0 showing the proposed holding areas on the site and the signage detail and location we would propose to install on the access road.

Regarding the Delivery Management Plan – we are agreed that the Operatioanl Delivery Plan can be changed to 16.00 hours as requested below. Do you need me to send a revised document to you or will this email suffice.

I trust you will forward the information onto Highways.

We will respond to NRW's comments regarding foul water shortly – has the EHO commented yet.? To confirm we are agreeable to the unexpected contamination condition.

I look forward to hearing from you.

regards
