Inclusion + Wellbeing
MARGAM CONNECTION PERMITTED DEVELOPMENT WORKS
TRAFFIC MANAGEMENT PLAN

JUNE 2025

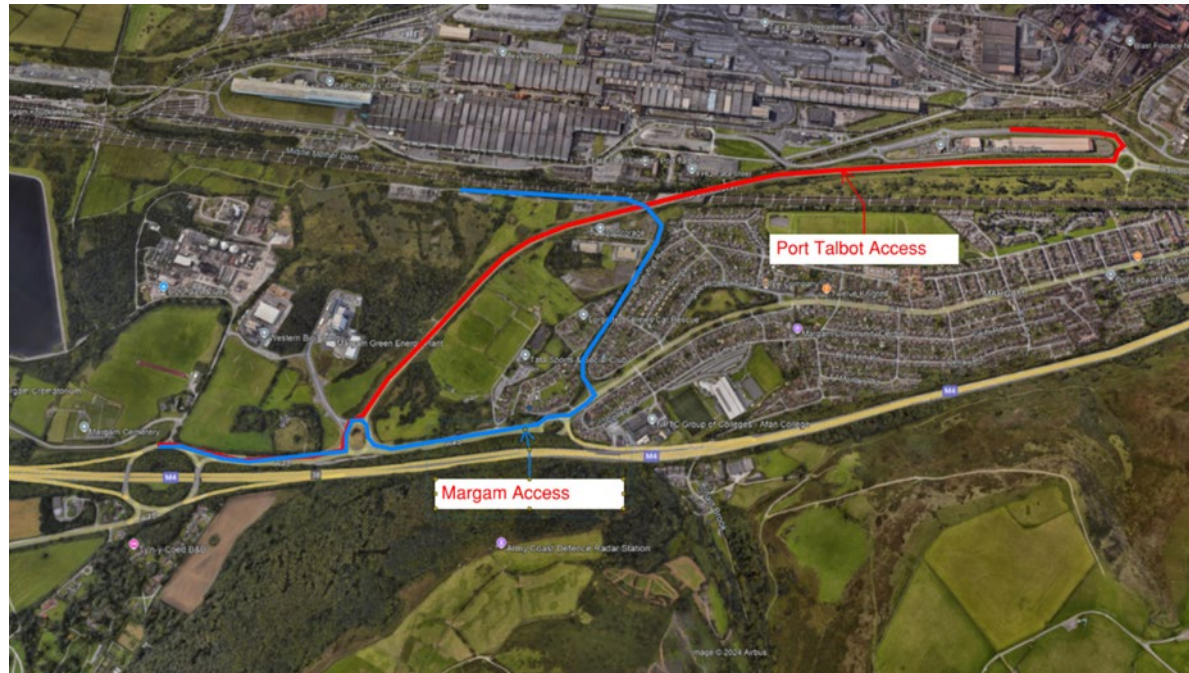

Overview – this document details the Laing O'Rourke Traffic Management arrangement during the permitted Development phase of works at Margam.

Deliveries to the project will be as follows:

- Site establishment – welfare and office units
- Contractors Plant & equipment
- Laing O'Rourke staff
- Contractors' personnel
- National Grid (client representatives)
- Any deliveries during the working period (3rd March – 31st May 2025)
- Fuel and maintenance of welfare units (Garic)
- Removal of Contractors plant & equipment
- Off hire of site establishment welfare units.

Access Route –

Laing O'Rourke will set up an office and welfare compound, located to the west of the existing Margam National Grid Substation, Cefn Gwrgan Rd, Port Talbot. SA13 2BZ. What3Words- **Applies.hoped.stirs.**

BLUE line above highlights the correct access route for the Laing O'Rourke compound and site access.

Scope –

Instructions and contact details of the Laing O'Rourke PC- Rep(s) has been distributed to supply chain and contractors for delivery of their plant and equipment.

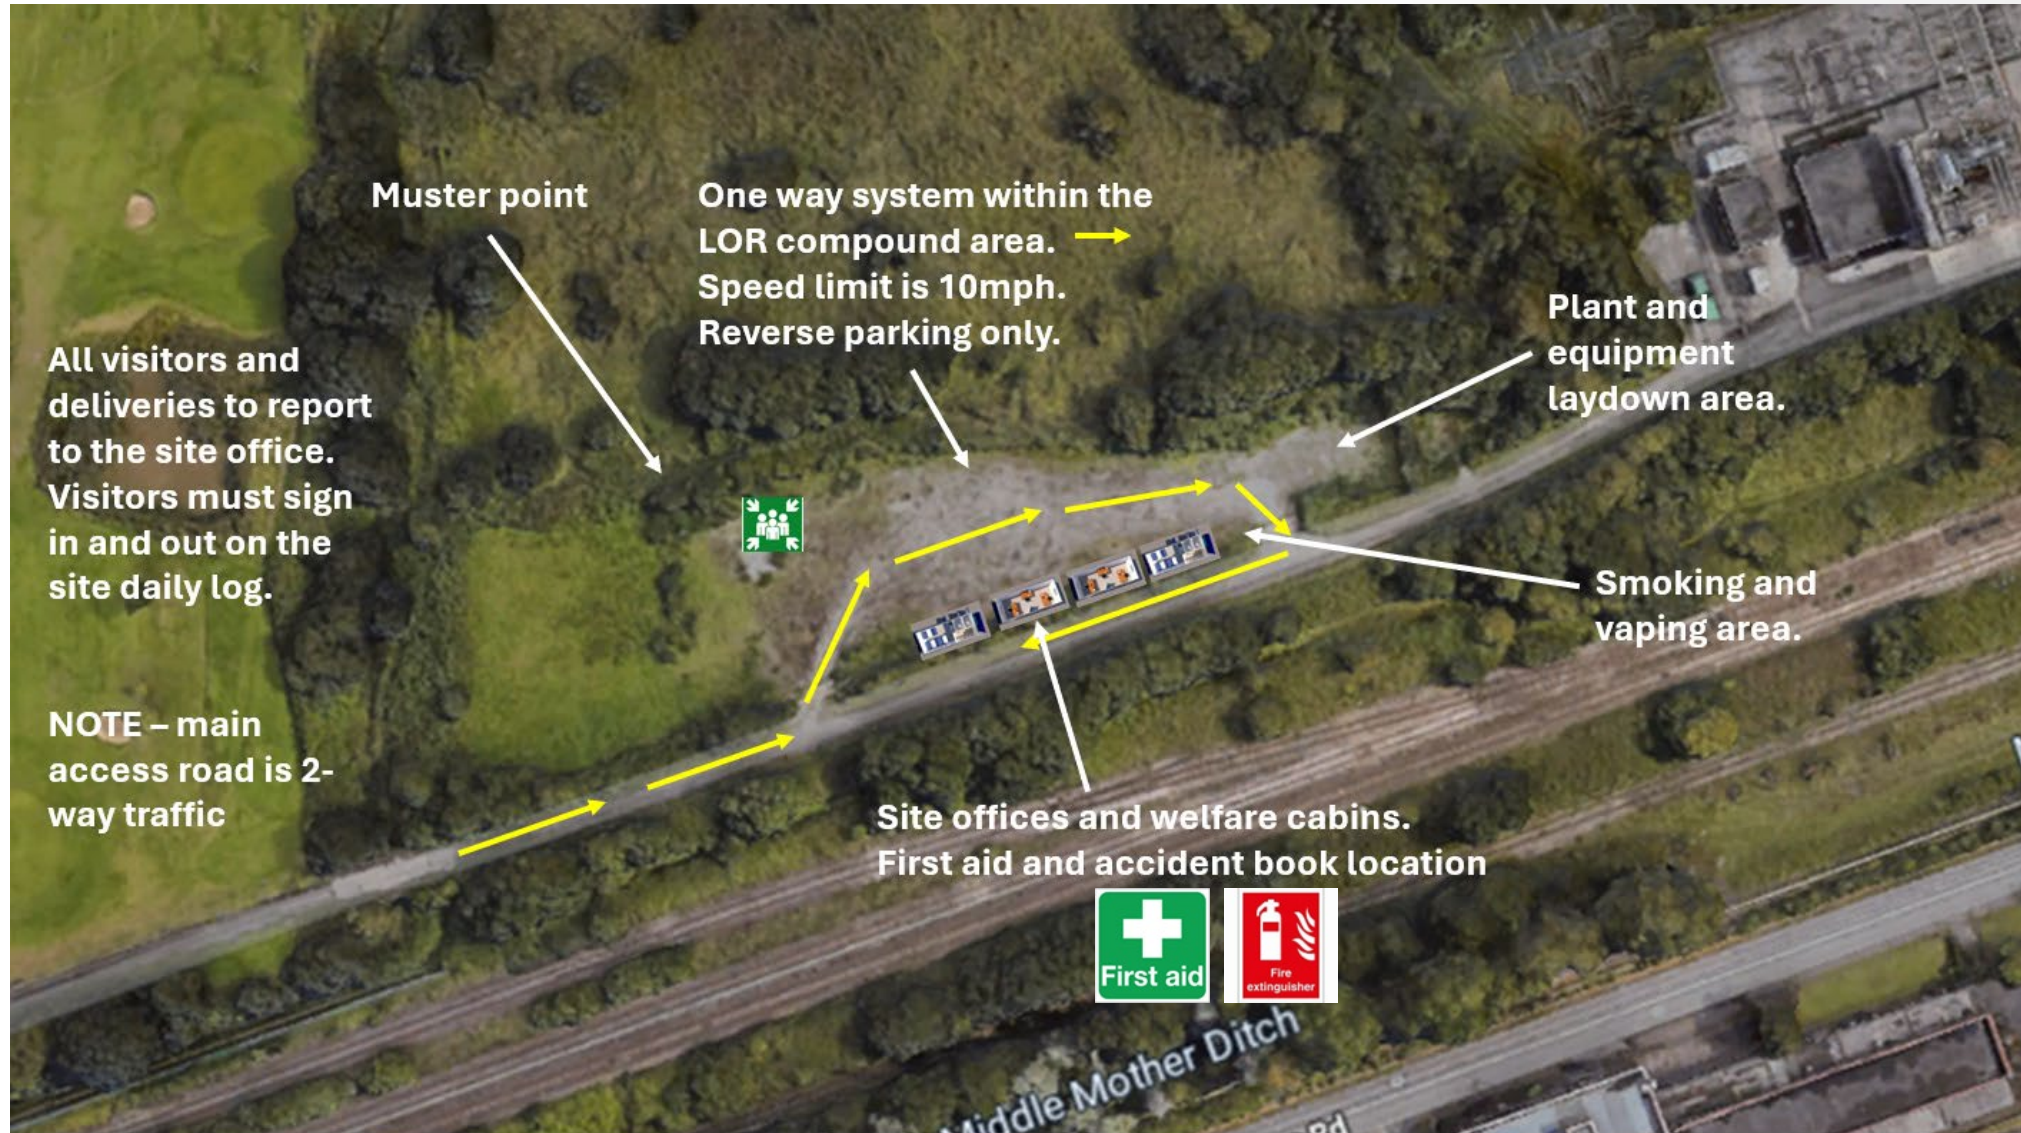

- Site speed limit (10mph)
- PC-Rep contact details – so that contractors' supervisor aware of delivery
- Where possible advice of delivery ETA
- PPE arrangements

Delivery suppliers have also been requested to call the Laing O'Rourke PC-Rep prior to arriving onsite so that security gates can be opened for access.

- Banksman/vehicle marshal to escort deliveries out of the compound, ensuring no other vehicles is on the access road.

Office & Welfare set up for the

Margam Site Specific Hazards

- Logistics – traffic management, plant & people interface, access road.
- Security – unauthorised site access.
- Slips Trips & Falls – voids, ditches etc.
- Ground Conditions and access and egress to work locations.
- Underground / Overhead services
- Temporary works – unsuitable ground conditions, excavation works, etc
- Lifting operations – site welfare cabins deliveries and installation
- Fire & Emergency Planning Arrangements

Thank You
