DATE REGISTERED: 10 August 2022

APPLICATION NO: P2022/0622

LOCATION: Land Between Cwmavon And Dan Y Bont , Maes Y Bettws,
Pontrhydyfen, SA12 9SD

PROPOSAL: For the creation of one traveller/gypsy pitch with one residential static unit, touring caravan, conversion of part of existing stable block to create a utility/day room with improved access, parking and turning area

NEATH PORT TALBOT COUNTY BOROUGH COUNCIL as the Local Planning Authority in pursuance of its power under the above mentioned Act and Order hereby **GRANTS PLANNING PERMISSION** for the development as described above to be carried out in accordance with the application and the plans submitted therewith, subject to compliance with the following conditions:

Conditions: -

This Decision Notice is REVISION NUMBER 2 issued on 18/02/2026

Time Limit Conditions

- 1 The development shall begin no later than five years from the date of this decision.

Reason:

To comply with the requirements of Section 91 of the Town and Country Planning Act 1990.

List of Approved Plans

- 2 The development shall be carried out in accordance with the following approved plans and documents:

Proposed Site Plan V6 Dwg No. 03h dated 06.06.2023
Expanded Location Plan Dwg No 01c dated 06.03.2021
Location and Block Plan Dwg No. 02c dated 06.03.2021
Proposed Stable Block & Utility/ Day Room Floor Plan Dwg No. 06b dated 14.02.2023
Proposed Stable Block & Utility / Day Room Elevations Dwg No. 07d dated 23.11.2022
Muck Heap Details Dwg No. 09a dated 13.01.2023
Tree Constraints and Protection Drawing Dwg No. 11 dated 07.11.2021
Ecological Site Enhancements Dwg No. 12 dated 08.11.2021
Appendix E Tree Constraints and Protection Drawing dated 01.11.2021
Tree Survey and Arboricultural Impact Assessment dated October 2021
Reptile Survey and Mitigation Report dated September 2022
Bat Activity Survey Report dated 07.11.2022
Appendix K Sewer Plan dated 01.11.2022
Planning Statement RevD dated 21.02.2023

Reason:

In the interests of clarity.

Pre-Commencement Conditions

- 3 No development shall commence on site until an assessment of the nature and extent of contamination affecting the application site area has been submitted to and approved in writing by the Local Planning Authority. This assessment must be carried out by or under the direction of a suitably qualified competent person in accordance with BS10175 (2011) 'Investigation of Potentially Contaminated Sites Code of Practice' and shall assess any contamination on the site, whether or not it originates on the site. The report of the findings shall include:
- (i) a desk top study to identify all previous uses at the site and potential contaminants associated with those uses and the impacts from those contaminants on land and controlled waters. The desk study shall establish a 'conceptual site model' (CSM) which identifies and assesses all identified potential source, pathway, and receptor linkages;
 - (ii) an intrusive investigation to assess the extent, scale and nature of contamination which may be present, if identified as required by the desk top study;
 - (iii) an assessment of the potential risks to:
 - human health,
 - groundwater and surface waters
 - adjoining land,
 - property (existing or proposed) including buildings, crops, livestock, pets, woodland and service lines and pipes,- ecological systems,
 - archaeological sites and ancient monuments; and
 - any other receptors identified at (i)
 - (iv) an appraisal of remedial options, and justification for the preferred remedial option(s).

Reason:

To ensure that information provided for the assessment of the risks from land contamination to the future users of the land, neighbouring land, controlled waters, property and ecological systems is sufficient to enable a proper assessment, and to ensure compliance with Policies SP16 and EN8 of the Neath Port Talbot Local Development Plan.

Details in respect of the above condition were approved by planning permission P2024/0082 on 05.11.2025

- 4 No development shall commence on site until a remediation scheme to bring the site to a condition suitable for the intended use by removing any unacceptable risks to human health, buildings, other property and the natural and historic environment shall be prepared and submitted to and approved in writing with the Local Planning Authority. The scheme shall include all works to be undertaken, proposed remediation objectives, remediation criteria and site management procedures. The measures proposed within the remediation scheme shall be implemented in accordance with an agreed programme of works.

Reason:

To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors, and to ensure compliance with Policies SP16 and EN8 of the Neath Port Talbot Local Development Plan.

Action Conditions

- 5 Prior to beneficial use of the proposed development commencing, a verification report which demonstrates the effectiveness of the agreed remediation works carried out in accordance with Condition 4 shall have been submitted to and approved in writing by the Local Planning Authority.

Reason:

To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors and to ensure compliance with Policies SP16 and EN8 of the Neath Port Talbot Local Development Plan.

- 6 In the event that contamination is found at any time when carrying out the approved development that was not previously identified, work on site shall cease immediately and shall be reported in writing to the Local Planning Authority. A Desk Study, Site Investigation, Risk Assessment and where necessary a Remediation Strategy must be undertaken in accordance with the following document:- Land Contamination: A Guide for Developers (WLGA, WAG & EAW, July 2006). This document shall be submitted to and agreed in writing with the Local Planning Authority. Prior to occupation of the development, a verification report which demonstrates the effectiveness of the agreed remediation, shall be submitted to and agreed in writing with the Local Planning Authority.

Reason:

To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other off site receptors, and to ensure compliance with Policies SP16 and EN8 of the Neath Port Talbot Local Development Plan.

- 7 Prior to beneficial use of the hereby approved development, a vehicle turning space shall be provided within the property's curtilage so that all vehicles can enter and leave the property in a forward gear, and shall be retained at all times.

Reason:

In the interest of highway and pedestrian safety and to ensure the development complies with Policy TR2 of the Neath Port Talbot Local Development Plan.

- 8 Prior to the first beneficial occupation of the dwelling hereby permitted, 1 no. Beaumaris Woodstone bat box and 1 no. Sparrow terrace shall be affixed to the rear (east) elevation of the Utility/ Day Room as per the Recommendations of the approved Bat Activity Survey Report and retained as such thereafter.

Reason:

In the interest of biodiversity, in order to protect nocturnal wildlife using the adjacent woodland and to mitigate to loss of bird nesting/foraging habitats under the Habitats Regulations (amended 2012) and to accord with Policies SP15 and EN6 of the adopted Neath Port Talbot Local Development Plan.

- 9 The wildlife corridor buffer zone as shown on the approved Proposed Site Plan shall be fully implemented as shown and retained as such thereafter.

Reason: In order to protect nocturnal wildlife using the adjacent woodland and riparian corridor and to accord with Policies SP15 and EN6 of the adopted Neath Port Talbot Local Development Plan.

- 10 Prior to the erection of any external lighting, full details of the specification and location, and lux levels of any external lighting shall be submitted to and approved in writing by the Local Planning Authority and shall be retained as such thereafter.

Reason:

In the interests of preserving the character of the open countryside and safeguard local visual amenities, and in the interests of highway safety and the protection of nocturnal wildlife and to comply with Policies BE1, TR2, EN6 and EN8 of the Neath Port Talbot Local Development Plan.

- 11 Prior to the first beneficial occupation of the approved development, a scheme for bin storage and collection shall be submitted to and approved by the Local Planning Authority and retained as such thereafter.

Reason: In the interest of amenity and to comply with Policy BE1 of the Neath Port Talbot Local Development Plan.

Details in respect of the above condition were approved by planning permission P2025/0819 on 18.02.2026

- 12 Prior to the first beneficial occupation of the hereby approved development, it shall be connected to the mains sewer and shall be retained as such thereafter.

Reasons: In the interest of satisfactory drainage of the site, and ensure the development complies with Policy SP16 and BE1 of the Neath Port Talbot Local Development Plan.

Regulatory Conditions

- 13 There must be no interference, alteration or diversion of any ditch, watercourse, stream or culvert crossing or bordering the site.

Reason: In the interest of satisfactory drainage of the site, and ensure the development complies with Policy SP16 and BE1 of the Neath Port Talbot Local Development Plan

- 14 Prior to the first beneficial use of the hereby approved development, the pedestrian vision splays of 2.4 metres by 2.4 metres (measured back from back of carriageway) as shown on the approved Proposed Site Plan shall be provided and maintained each side of the access within which nothing over 600mm in height shall be erected or allowed to grow and retained as such thereafter.

Reason:

In the interest of highway and pedestrian safety and to ensure the development complies with Policy TR2 of the Neath Port Talbot Local Development Plan.

- 15 The car parking spaces are shown on the approved Proposed Site Plan shall measure a minimum of 2.6 meters width by 4.8 meters in length and shall be provided prior to the first beneficial use of the hereby approved development and retained as such thereafter.

Reason: In the interest of highway safety and to ensure the development complies with Policy TR2 of the Neath Port Talbot Local Development Plan.

- 16 The stables shall be used for the private stabling / use of horses incidental to the residential use of the site and shall not be used for livery or any commercial purpose at any time.

Reason: To ensure that the highways use of the site is limited to residential use for highway safety and to comply with Policies BE1 and TR2 of the Neath Port Talbot Local Development Plan.

- 17 The existing hedgerow located along the eastern boundary of the site shall be retained at all times.

Reason: To protect the visual and local amenities of this countryside location and to comply with Policy BE1 of the Neath Port Talbot Local Development Plan.

- 18 No more than three vehicles shall be kept on the land for use by the occupiers of the caravans hereby permitted and none of those vehicles should exceed 3.5 tonnes in weight.

Reason: To safeguard highway safety and to comply with Policies BE1 and TR2 of the Neath Port Talbot Local Development Plan.

- 19 The occupation of the site shall only be used by Gypsies, Travellers and Show People as defined by paragraph 2 of Circular 05/2018.

Reason:

Due to the special personal circumstances of the applicant, and to comply with Policy GT2 of the Neath Port Talbot Local Development Plan.

- 20 Only 1 static caravan and 1 touring caravan as annotated in 'Proposed Site Plan, Drawing no - 03D, as defined in the Caravan Sites and Control of Development Act 1960 and the Caravan Sites Act 1968, shall be stationed on the site at any time. Any caravans positioned on the site shall be capable of being lawfully moved on the public highway, without division into separate parts.

Reason:

In the interest of highway and pedestrian safety and to ensure the development complies with Policy TR2 of the Neath Port Talbot Local Development Plan and due to the special personal circumstances of the applicant, to comply with Policy GT2 of the Neath Port Talbot Local Development Plan.

- 21 No commercial activities shall take place on the land including the storage of materials, commercial plant, machinery.

Reason: To protect the character and appearance of the area and to comply with Policies BE1 and EN8 of the Neath Port Talbot Local Development Plan.

Informatives:

1 Please note that SAB approval will be required prior to any work commencing. It is a breach of approval required under Paragraph 7 (1) Schedule 3 of the Flood and Water Management Act 2010 whereby action will be taken by the Authority under The Sustainable Drainage (Enforcement) (Wales) Order 2018. You can search the Authority's web site for further information using the link <https://www.npt.gov.uk/17534> or contact the Highway Development Control Section using hdc@npt.gov.uk or 01639 686850.

2 Construction and demolition activities can give rise to pollution and so it is important that appropriate provisions are in place to manage dust, silt, surface water and the storage of waste during the construction phase. You should take any precaution to prevent contamination of surface water drains and local watercourses. All works at the site must be carried out in accordance with GPP5, 'Works and maintenance in or near water' and PPG6, 'Working at construction and demolition sites' which is available on the following website: <http://www.netregs.org.uk/environmental-topics/pollution-prevention-guidelinesppgs-and-replacement-series/guidance-for-pollution-prevention-gpps-full-list/> If you have any queries on the above, please do not hesitate to contact us.

3 As of 7th January 2019, this proposed development may be subject to Schedule 3 of the Flood and Water Management Act 2010. In the event this proposed development amounts to a total impermeable area of 100sqm or more, approval of Sustainable Drainage Systems (SuDS) features will be required in accordance with the 'Statutory standards for sustainable drainage systems - designing, constructing, operating and maintaining surface water drainage systems'. It would therefore be recommended that the developer engage in consultation with Neath Port Talbot County Borough Council, as the determining SuDS Approval Body (SAB), in relation to their proposals for SuDS features. Please note, Dwr Cymru Welsh Water is a statutory consultee to the SAB application process and will provide comments to any SuDS proposals by response to SAB consultation. The proposed development is crossed by a distribution watermain, the approximate position being shown on the attached plan. Dwr Cymru Welsh Water as Statutory Undertaker has statutory powers to access our apparatus at all times. I enclose our Conditions for Development near Watermain(s). It may be possible for this watermain to be diverted under Section 185 of the Water Industry Act 1991, the cost of which will be re-charged to the developer. The developer must consult Dwr Cymru Welsh Water before any development commences on site. The applicant is also advised that some public sewers and lateral drains may not be recorded on our maps of public sewers because they were originally privately owned and were transferred into public ownership by nature of the Water Industry (Schemes for Adoption of Private Sewers) Regulations 2011. The presence of such assets may affect the proposal. In order to assist us in dealing with the proposal the applicant may contact Dwr Cymru Welsh Water to establish the location and status of the apparatus. Under the Water Industry Act 1991 Dwr Cymru Welsh Water has rights of access to its apparatus at all times.

4 The proposed development lies within an area that has been defined by the Coal Authority as containing potential hazards arising from former coal mining activity. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and previous surface mining sites. Although such hazards are seldom readily visible, they can often be present and problems can occur in the future, particularly as a result of development taking place. It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required (for example the need for gas protection measures within the foundations), be submitted alongside any subsequent application for Building Regulations/Standards approval (if relevant). Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant safety and engineering risks and exposes all parties to potential financial liabilities. As a general precautionary principle, the Coal Authority considers that the building over or within the influencing distance of a mine entry should wherever possible be avoided. In exceptional circumstances where this is unavoidable, expert advice must be sought to ensure that a suitable engineering design is developed and agreed with regulatory bodies which takes into account of all the relevant safety and environmental risk factors, including gas and mine-water. Your attention is drawn to the Coal Authority Policy in relation to new development and mine entries available at:<https://www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries> Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action. Property specific summary information on past, current and future coal mining activity can be obtained from:

www.groundstability.com or a similar service provider. If any of the coal mining features are unexpectedly encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is available on the Coal Authority website at: www.gov.uk/coalauthority

Reasons for Decision

The decision to recommend planning permission has been taken in accordance with Section 38 of The Planning and Compulsory Purchase Act 2004, which requires that, in determining a planning application the determination must be in accordance with the Development Plan unless material considerations indicate otherwise. The Development Plan comprises Future Wales - the National Plan 2040 and the Neath Port Talbot Local Development Plan (2011-2026) adopted January 2016.

With reference to the above assessment of the proposal, as well as particular reference to the above mentioned appeal decisions, it is considered on balance that as the applicant is dependent on private car use for health reasons and that the site is within close proximity to local services and community facilities, in addition to there being a genuine need for the site due to lack of available pitches on authorised sites, that this overrides the adverse impacts associated with the site's outside of settlement limits and the omission of a sequential test being carried out for alternative sites within settlement limits.

As the proposals only fails to meet Criterion 1b of GT2 and complies with the remainder of Policy GT2 and all other relevant policies, and national guidance, overall, the merits of the development on balance of relevant planning policies against other material consideration, is considered to be an acceptable form of development that would have no unacceptable impact on the environment, the amenity of nearby residential occupiers and highway safety and parking. Accordingly, the proposed development would comply with Policies SC1, GT2, EN6, EN7, EN8, TR2 and BE1 of the Neath Port Talbot Local Development Plan.

It is further considered that the decision complies with Future Wales - the National Plan 2040, specifically Policies 2 Shaping Urban Growth and Regeneration and 8 Flooding and the Council's well-being objectives and the sustainable development principle in accordance with the requirements of the Well-being of Future Generations (Wales) Act 2015

Signed: 

Ceri Morris – Head of Planning & Public Protection

Date: 15 June 2023

IMPORTANT:

(1) Please note that for all decisions issued after 16th March 2016 for outline or full planning permission, a revised decision notice will be issued whenever a subsequent consent is given, for example providing details of any Reserved Matters approvals (outline applications only) and/or approval of conditions (including on Reserved Matters). This will ensure that the current status of the conditions applied to a consent is clear. Accordingly you are advised to visit www.npt.gov.uk/planning to view the application documentation to see if this is the current version, or whether it has been superseded by a more up-to-date revision of this Decision Notice. For Reserved Matters approvals the revised Decision Notice will only be shown under the Outline approval.

(2) Please note that this consent is specific to the plans and particulars approved as part of the application. Any departure from the approved plans will constitute unauthorised development and may be liable to enforcement action. You (or any subsequent developer) should advise the Council of any actual or proposed variations from the approved plans immediately so that you can be advised how to best resolve the matter.

(3) In addition, any conditions that the Council has imposed on this consent will be listed above and should be read carefully. It is your (or any subsequent developers) responsibility to ensure that the terms of all conditions are met in full at the appropriate time (as outlined in the specific condition). Please note that any works carried out without compliance with the conditions attached to this approval will be entirely at the risk of the persons involved and may result in formal action being taken by the Local Planning Authority.

(4) The developer should have regard to Sections 4, 7, 8 and 8A of the Chronically Sick and Disabled Persons Act 1970 and to the British Standards Institution's Code of Practice for "Design of buildings and their approaches to meet the needs of disabled people" (BS 8300:2009+A1:2010).

(5) From 1st October 2012 it has been an offence to install a public sewer or lateral drain without having an adoption agreement in place. From the 1st October 2012 the vast majority of all existing private sewers and lateral drains which link with the public sewer network were transferred to Welsh Water. For further details on how this will affect your development please contact: Welsh Water Developer Services, PO Box 3146, Cardiff, CF30 0EH. Telephone No. 0800 9172652 or email: developer.services@dwrcymru.com.

(6) Welsh Water Dwr Cymru advise that the planning permission hereby granted does not extend any rights to carry out any works to the public sewerage or water supply systems without first having obtained the necessary permissions required by the Water Industry Act 1991.

Please note, in accordance with Construction and Design Management (CDM) Regulations, it is the applicant's responsibility to ensure that any proposed works within their curtilage do not conflict with any underground services and is recommended they review their land registry title deeds for any legal covenants. For Sewers or Watermains that may be present and affected by your proposals, you are advised to contact Dwr Cymru Welsh Water who will be able to explain whether your proposed works will be acceptable as well as any consent required. Prior to commencing works, it is also recommend the applicant review the information and guidance on Building Over Sewers

available on Welsh Water's website at

<https://developers.dwrcymru.com/en/applications/planning/build-over-or-near-to-sewers>

The applicant is also advised that some public sewers and lateral drains may not be recorded on Welsh Water maps of public sewers because they were originally privately owned and were transferred into public ownership by nature of the Water Industry (Schemes for Adoption of Private Sewers) Regulations 2011. The presence of such assets may affect the proposal. In order to assist us in dealing with the proposal the applicant may contact Dwr Cymru Welsh Water to establish the location and status of the apparatus. Under the Water Industry Act 1991 Dwr Cymru Welsh Water has rights of access to its apparatus at all times.

IMPORTANT INFORMATION: TOWN AND COUNTRY PLANNING ACT 1990

The applicant's attention is drawn to the notes below.

1. If the applicant is aggrieved by the decision of the Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Welsh Government under Section 78 of the Town and Country Planning Act 1990 (as amended).
2. You can also appeal to the Welsh Government against a decision to refuse permission or grant subject to conditions in respect of applications made for :- Listed Building or Conservation Area Consent; Consent under a Tree Preservation Order; Advertisement Consent.
3. You can also appeal If your application for a Certificate of Lawful Existing Use or Lawful Proposed Use is partly or wholly refused or is granted differently from what you asked for (under Section 195/196) of the Town and Country Planning Act 1990 (as amended).
4. If you are aggrieved of the LPAs decision, the following deadlines apply for appeals to be submitted to the Welsh Government (from the date of the Council's decision):-
 - Planning Permission (with the exception of Minor Commercial and Householder applications – see below) Within 6 Months
 - Householder Appeal see endnote i Within 12 weeks
 - Minor Commercial Appeal see endnote i Within 12 weeks
 - Listed Building or Conservation Area Consent appeals Within 6 months
 - Tree Preservation Order (TPO) Consent Within 28 days
 - Advertisement Consent Within 8 weeks
 - Certificate of Lawfulness of Existing (Section 191) or Proposed (Section 192) Use or Development Within 6 months
 - Hazardous Substances Consent Within 6 months
5. Appeals must be made on a form which is obtainable from the Planning & Environment Decisions Wales, Crown Buildings, Cathays Park, Cardiff, CF10 3NQ – Tel 0300 060 4400, or online at <https://planningcasework.service.gov.wales/>.
6. The Welsh Government has power to allow a longer period for the giving of notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal.
7. The Welsh Government is not required to entertain an appeal if it appears to them that permission for the proposed development could not have been granted having regard to the statutory requirements to the provisions of the development order, and to any directions given under the Order. They do not in practice refuse to entertain appeals solely because the decision of the Local Planning Authority was based on a direction given by them.
8. If permission to develop land is refused or granted subject to conditions, whether by the Local Planning Authority or by the Welsh Government, and the owner of the land claims that the land has become incapable of reasonable beneficial use in its existing state and cannot be rendered capable of reasonable beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the County Borough Council, in which the land is situated, as the case may be, a **purchase notice** requiring that Council purchase his interest in the land

in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

Making an Appeal

9. Please note that for all applications received by the LPA after 5th May 2017, it is now a requirement that any appeal made to the Planning Inspectorate (other than Householder and Minor Commercial Appeals, and appeals against refusal to grant advertisement consent) must be accompanied by all the information and evidence you intend to rely upon (a **“full statement of case”**). You must also send a copy of the notice of appeal and full statement of case to the LPA.
10. In addition, for ‘planning appeals’ an amendment to an application following notice of appeal may only be made to correct an error.
11. Additional details and information on making an appeal to the Welsh Government is available from the Planning Inspectorate at the above address and website. The relevant documents are entitled “making your planning appeal” and “planning appeals Public Local Inquiries”.
12. Further correspondence regarding this application should bear the reference number quoted on the top of the decision notice.

THIS NOTICE RELATES ONLY TO A PLANNING DECISION AND DOES NOT RELATE TO OTHER LEGISLATION INCLUDING ANY LEGISLATION UNDER:

- BUILDING REGULATIONS – Please contact buildingcontrol@npt.gov.uk or 01639 686820 to discuss all aspects of the service that is offered by Building Control
- HIGHWAY LEGISLATION

IF PLANNING CONSENT HAS BEEN GRANTED IT IS ADVISABLE TO ESTABLISH WHETHER ANY OTHER FORM OF CONSENT IS REQUIRED AND TO OBTAIN SUCH CONSENT BEFORE COMMENCING DEVELOPMENT

ⁱ Please see the [Town and Country Planning \(Referred Applications and Appeals Procedure\) \(Wales\) Regulations 2017](#) for appeal procedures and for full definitions of:

- *“householder application”* (essentially an application for the enlargement, improvement or other alteration of a dwellinghouse, or development within the curtilage of such a dwellinghouse, or change of use to enlarge the curtilage of a dwelling house)
- *“householder appeal”* means an appeal in relation to a householder application, but excludes an appeal against conditions on the grant of planning permission; or an appeal which is accompanied by an enforcement or listed building consent appeal.
- *“minor commercial application”* (essentially relates to existing buildings of no more than 250 square metres gross external floor space at ground floor level, currently in use for any of the purposes set out in Schedule 1A to The Town and Country Planning (Development Management Procedure) (Wales) (Amendment) Order 2015 which is an application for change of use from Class A1 to A2 or A3; or Class A2 to A3); or the carrying out of building or other operations to a shop front.
- *“minor commercial appeal”* means an appeal in relation to a minor commercial application but excludes an appeal against conditions on the grant of planning permission; or an appeal which is accompanied by an enforcement or listed building consent appeal.
