CYNGOR BWRDEISTREF SIROL CASTELL-NEDD PORT TALBOT**

**TOWN AND COUNTRY PLANNING ACT 1990
THE TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT
PROCEDURE) (WALES) ORDER 2012**

APPROVAL OF FULL PLANNING PERMISSION

Name and address of the applicant

Mrs Ruby Davies
Energybuild Limited
Aberpergwm Colliery
B4242 From Rheola To Glynneath
Neath Port Talbot
Glynneath
SA11 5AJ

DATE REGISTERED: 18 October 2023

APPLICATION NO: P2023/0768

LOCATION: Aberpergwm Colliery , B4242 From Rheola To Glynneath,
Glynneath, SA11 5AJ

PROPOSAL: 5.56m x 9.09m shed building to house a new compressor and
associated equipment

NEATH PORT TALBOT COUNTY BOROUGH COUNCIL as the Local Planning Authority in pursuance of its power under the above-mentioned Act and Order hereby **GRANTS PLANNING PERMISSION** for the development as described above to be carried out in accordance with the application and the plans submitted therewith, subject to compliance with the following conditions:

Conditions: -

Time Limit Conditions

- 1 The development shall begin no later than five years from the date of this decision.
Reason:
To comply with the requirements of Section 91 of the Town and Country Planning Act 1990.

List of Approved Plans

- 2 The development shall be carried out in accordance with the following approved plans and documents:

- o Plan showing full scope of Aberpergwm Colliery planning consent 2024/0729 and proposed location of the new compressor shed and its environs, 1:10,000, Dated October 2023, Plan ref: AC/CS/GL/PLAN 2
- o Plan showing Aberpergwm mine Curtilage, infrastructure and proposed location and detail of the new compressor shed, 1:1000 Dated October 2023, Plan ref: AC/CS/LOC1/PLAN1
- o Details of proposed new compressor shed, dated October 2023.
- o Revised Drainage Plan, 1:2000, dated December 2023, Plan ref: AB/CSS/RDP/V2
- o Planning Application for a new compressor Shed, October 2023, Energy Build Ltd. Aberpergwm Colliery

Reason:

In the interests of clarity.

Action Conditions

- 3 The building and any associated paraphernalia associated with its use shall be removed from the land in its entirety and the land shall be restored to its former condition on or before 31st December 2041. Or in the event of a cessation of winning and working of minerals, which in the opinion of the Local Planning Authority constitutes a permanent cessation within the terms of Paragraph 3(2) of Schedule 9 of the Town and Country Planning Act 1990 within 3 months thereof, whichever is the sooner.

Reason:

In the interests of conserving the amenity of the area and ensure a satisfactory standard of restoration compatible with the surrounding area.

Regulatory Conditions

- 4 The use shall not be carried out outside the hours of 0700 to 1900 Monday to Friday, 0700 to 1600 on Saturdays.

Reason:

In the interest of residential amenity and to ensure the development complies with Policy BE1 and EN8 of the Neath Port Talbot Local Development Plan

- 5 Construction of bird/ bat boxes shall be carried out in accordance with the specification and location as per "Plan 6 Compressor Shed". Any boxes damaged during the lifetime of the operations (inclusive of aftercare) shall be replaced by boxes of similar specifications.

Reason:

To ensure compliance with SPG: Biodiversity and Geodiversity (May 2018) and the Environment (Wales) Act 2016 that all new buildings are to incorporate artificial nesting sites for birds and to achieve biodiversity net gain.

Informatives:

- 1 Due to the proposed outfall connection to the water course adjacent to the site location as mentioned in the submitted documents. Permanent and/or temporary Ordinary

Water Course Consent (OWC) under Section 23 of the Land Drainage Act 1991 may be required from the Authority. You are therefore advised to contact the SAB & Highway Development Section, of Neath Port Talbot County Borough Council at The Quays, Brunel Way, Baglan Energy Park, Neath, SA11 2GG (Tel.No.01639 686380 e-mail SAB-HDC@npt.gov.uk . Please note such consents can take up to 8 weeks to be processed after registration and early application is advised. Notwithstanding the necessary consent required under section 23 of the Land Drainage Act 1991. The applicant must note that any culverts/ditches/open watercourses that conveys water through their land are to remain free from obstruction at all times. All tributary watercourses (culverted or not) located within the applicant's land would be riparian responsibilities whereby the responsibility to sustain the flow of watercourse would remain with the land owner.

2 Our comments above only relate specifically to matters included on our checklist, Development Planning Advisory Service: Consultation Topics (September 2018), which is published on our website. We have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests. We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our website for further details. Advice for the Developer Construction and demolition activities can give rise to pollution and so it is important that appropriate provisions are in place to manage dust, silt, surface water and the storage of waste during the construction phase. You should take any precaution to prevent contamination of surface water drains and local watercourses. All works at the site must be carried out in accordance with GPP5, 'Works and maintenance in or near water' and PPG6, 'Working at construction and demolition sites' which is available on the following website: <http://www.netregs.org.uk/environmental-topics/pollution-prevention-guidelines-ppgs-and-replacement-series/guidance-for-pollution-prevention-gpps-full-list/>

The decision to recommend planning permission has been taken in accordance with Section 38 of The Planning and Compulsory Purchase Act 2004, which requires that, in determining a planning application the determination must be in accordance with the Development Plan unless material considerations indicate otherwise. The Development Plan comprises Future Wales - the National Plan 2040 and the Neath Port Talbot Local Development Plan (2011-2026) adopted January 2016.

The application for a building to house a compressor unit is located on an elevated but secluded area of the site. It is located on an area of raised ground above the mine drift entrance and accessed from the haul road which leads from the mine surface yard to the mine waste repository area. The ground is a previously levelled area of made ground, surrounded by mature trees and vegetation. The building is industrial in appearance, of steel frame, box profile cladding in juniper green, which matches the other buildings on site. The building is accessed through double doors to the rear of the building and contains no windows other than louvre panels to provide ventilation to the plant contained within. The building houses a compressor unit which supplies compressed air to tools used underground which operate on compressed air. The building is not anticipated to generate excess noise over above the noise already generated on site through existing operations. No external lighting is proposed to the building, and run off from the building would feed in to the existing drainage network on site, which feeds in to drainage channels and lagoons, which are monitored by NRW for compliance with water quality. Ecological and biodiversity enhancement are proposed through the siting of bird and bat boxes on

trees within the site, to provide opportunities for bat roosting and bird nesting on the site. The building is ancillary to the coal working operations on site.

It is considered that the proposal represents an appropriate form of development that would have no unacceptable impact on amenity, noise, air quality, ecology, and drainage. Accordingly, the proposed development is in accordance with Policies M4, EN8, EN6, and BE1 of the Neath Port Talbot Local Development Plan.

It is further considered that the decision complies with Future Wales - the National Plan 2040, and the Council's well-being objectives and the sustainable development principle in accordance with the requirements of the Well-being of Future Generations (Wales) Act 2015.

Signed: 

Ceri Morris – Head of Planning & Public Protection

Date: 19 March 2026

IMPORTANT:

(1) Please note that for all decisions issued after 16th March 2016 for outline or full planning permission, a revised decision notice will be issued whenever a subsequent consent is given, for example providing details of any Reserved Matters approvals (outline applications only) and/or approval of conditions (including on Reserved Matters). This will ensure that the current status of the conditions applied to a consent is clear. Accordingly you are advised to visit www.npt.gov.uk/planning to view the application documentation to see if this is the current version, or whether it has been superseded by a more up-to-date revision of this Decision Notice. For Reserved Matters approvals the revised Decision Notice will only be shown under the Outline approval.

(2) Please note that this consent is specific to the plans and particulars approved as part of the application. Any departure from the approved plans will constitute unauthorised development and may be liable to enforcement action. You (or any subsequent developer) should advise the Council of any actual or proposed variations from the approved plans immediately so that you can be advised how to best resolve the matter.

(3) In addition, any conditions that the Council has imposed on this consent will be listed above and should be read carefully. It is your (or any subsequent developers) responsibility to ensure that the terms of all conditions are met in full at the appropriate time (as outlined in the specific condition). Please note that any works carried out without compliance with the conditions attached to this approval will be entirely at the risk of the persons involved and may result in formal action being taken by the Local Planning Authority.

(4) The developer should have regard to Sections 4, 7, 8 and 8A of the Chronically Sick and Disabled Persons Act 1970 and to the British Standards Institution's Code of Practice for "Design of buildings and their approaches to meet the needs of disabled people" (BS 8300:2009+A1:2010).

(5) From 1st October 2012 it has been an offence to install a public sewer or lateral drain without having an adoption agreement in place. From the 1st October 2012 the vast majority of all existing private sewers and lateral drains which link with the public sewer network were transferred to Welsh Water. For further details on how this will affect your development please contact: Welsh Water Developer Services, PO Box 3146, Cardiff, CF30 0EH. Telephone No. 0800 9172652 or email: developer.services@dwrcymru.com.

(6) Welsh Water Dwr Cymru advise that the planning permission hereby granted does not extend any rights to carry out any works to the public sewerage or water supply systems without first having obtained the necessary permissions required by the Water Industry Act 1991.

Please note, in accordance with Construction and Design Management (CDM) Regulations, it is the applicant's responsibility to ensure that any proposed works within their curtilage do not conflict with any underground services and is recommended they review their land registry title deeds for any legal covenants. For Sewers or Watermains that may be present and affected by your proposals, you are advised to contact Dwr Cymru Welsh Water who will be able to explain whether your proposed works will be acceptable as well as any consent required. Prior to commencing works, it is also recommend the applicant review the information and guidance on Building Over Sewers

available on Welsh Water's website at

<https://developers.dwrcymru.com/en/applications/planning/build-over-or-near-to-sewers>

The applicant is also advised that some public sewers and lateral drains may not be recorded on Welsh Water maps of public sewers because they were originally privately owned and were transferred into public ownership by nature of the Water Industry (Schemes for Adoption of Private Sewers) Regulations 2011. The presence of such assets may affect the proposal. In order to assist us in dealing with the proposal the applicant may contact Dwr Cymru Welsh Water to establish the location and status of the apparatus. Under the Water Industry Act 1991 Dwr Cymru Welsh Water has rights of access to its apparatus at all times.

(7) Please be informed that your application may require approval from the SuDS Approving Body (SAB). The SAB consent may be necessary to ensure that your development proposals complies with the statutory requirements, relevant regulations, and standards under schedule 3 of the Flood and Water Management Act 2010. Please contact our Website: www.npt.gov.uk/SAB, Email: SAB-HDC@npt.gov.uk or Tel: 01639 686850

IMPORTANT INFORMATION: TOWN AND COUNTRY PLANNING ACT 1990

The applicant's attention is drawn to the notes below.

- (1) If the applicant is aggrieved by the decision of the Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Welsh Government under Section 78 of the Town and Country Planning Act 1990 (as amended).
- (2) You can also appeal to the Welsh Government against a decision to refuse permission or grant subject to conditions in respect of applications made for :- Listed Building or Conservation Area Consent; Consent under a Tree Preservation Order; Advertisement Consent.
- (3) You can also appeal If your application for a Certificate of Lawful Existing Use or Lawful Proposed Use is partly or wholly refused or is granted differently from what you asked for (under Section 195/196) of the Town and Country Planning Act 1990 (as amended).
- (4) If you are aggrieved of the LPAs decision, the following deadlines apply for appeals to be submitted to the Welsh Government (from the date of the Council's decision):-

(1) Planning Permission (with the exception of Minor Commercial and Householder applications – see below)	Within 6 Months
(2) Householder Appeal see endnote i	Within 12 weeks
(3) Minor Commercial Appeal see endnote i	Within 12 weeks
(4) Listed Building or Conservation Area Consent appeals	Within 6 months
(5) Tree Preservation Order (TPO) Consent	Within 28 days
(6) Advertisement Consent	Within 8 weeks
(7) Certificate of Lawfulness of Existing (Section 191) or Proposed (Section 192) Use or Development	Within 6 months
(8) Hazardous Substances Consent	Within 6 months
- (5) Appeals must be made on a form which is obtainable from the Planning & Environment Decisions Wales, Crown Buildings, Cathays Park, Cardiff, CF10 3NQ – Tel 0300 060 4400, or online at <https://planningcasework.service.gov.wales/>.
- (6) The Welsh Government has power to allow a longer period for the giving of notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- (7) The Welsh Government is not required to entertain an appeal if it appears to them that permission for the proposed development could not have been granted having regard to the statutory requirements to the provisions of the development order, and to any directions given under the Order. They do not in practice refuse to entertain appeals solely because the decision of the Local Planning Authority was based on a direction given by them.
- (8) If permission to develop land is refused or granted subject to conditions, whether by the Local Planning Authority or by the Welsh Government, and the owner of the land claims that the land has become incapable of reasonable beneficial use in its existing state and cannot be rendered capable of reasonable beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the County Borough Council, in which the land is situated, as the case may be, a **purchase notice** requiring that Council purchase his interest in the land in

accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

Making an Appeal

- (9) Please note that for all applications received by the LPA after 5th May 2017, it is now a requirement that any appeal made to the Planning Inspectorate (other than Householder and Minor Commercial Appeals, and appeals against refusal to grant advertisement consent) must be accompanied by all the information and evidence you intend to rely upon (a **“full statement of case”**). You must also send a copy of the notice of appeal and full statement of case to the LPA.
- (10) In addition, for ‘planning appeals’ an amendment to an application following notice of appeal may only be made to correct an error.
- (11) Additional details and information on making an appeal to the Welsh Government is available from the Planning Inspectorate at the above address and website. The relevant documents are entitled “making your planning appeal” and “planning appeals Public Local Inquiries”.
- (12) Further correspondence regarding this application should bear the reference number quoted on the top of the decision notice.

THIS NOTICE RELATES ONLY TO A PLANNING DECISION AND DOES NOT RELATE TO OTHER LEGISLATION INCLUDING ANY LEGISLATION UNDER:

- BUILDING REGULATIONS – Please contact buildingcontrol@npt.gov.uk or 01639 686820 to discuss all aspects of the service that is offered by Building Control
- HIGHWAY LEGISLATION

IF PLANNING CONSENT HAS BEEN GRANTED IT IS ADVISABLE TO ESTABLISH WHETHER ANY OTHER FORM OF CONSENT IS REQUIRED AND TO OBTAIN SUCH CONSENT BEFORE COMMENCING DEVELOPMENT

ⁱ Please see the [Town and Country Planning \(Referred Applications and Appeals Procedure\) \(Wales\) Regulations 2017](#) for appeal procedures and for full definitions of:

- *“householder application”* (essentially an application for the enlargement, improvement or other alteration of a dwellinghouse, or development within the curtilage of such a dwellinghouse, or change of use to enlarge the curtilage of a dwelling house)
- *“householder appeal”* means an appeal in relation to a householder application, but excludes an appeal against conditions on the grant of planning permission; or an appeal which is accompanied by an enforcement or listed building consent appeal.
- *“minor commercial application”* (essentially relates to existing buildings of no more than 250 square metres gross external floor space at ground floor level, currently in use for any of the purposes set out in Schedule 1A to The Town and Country Planning (Development Management Procedure) (Wales) (Amendment) Order 2015 which is an application for change of use from Class A1 to A2 or A3; or Class A2 to A3); or the carrying out of building or other operations to a shop front.
- *“minor commercial appeal”* means an appeal in relation to a minor commercial application but excludes an appeal against conditions on the grant of planning permission; or an appeal which is accompanied by an enforcement or listed building consent appeal.
