Subject: RE: NPTCBC East Team Planning Consultation - P2026/0067 48 Station Road Port Talbot

Good morning,

Apologies for the delay.

In response to the Active Travel consultation on the above application, no objection is raised in principle. The only concern relates to the level and specification of cycle parking provision.

The Planning Statement advises that sufficient space for a dedicated cycle storage area will be provided; however, this has not been defined. The provision of cycle storage is welcomed, but the amount, type and spacing of cycle parking must be clearly set out and comply with the Active Travel (Wales) Act Guidance (ATAG), including the standards relating to the required number of spaces (page 241) and appropriate provision for adapted cycles. Details demonstrating full compliance with this guidance should therefore be secured as part of the development.

Kind regards,
Chad
