Subject: RE: NPTCBC East Team Planning Consultation - P2026/0245 62B Station Road Port Talbot

Good morning,

In response to the Active Travel consultation on the above planning application, no objection is raised in principle. The only concern relates to the level of cycle parking provision.

The provision of cycle storage to serve the residential and retail elements of the proposed development is welcomed. However, the amount, type and spacing of cycle parking must comply with the Active Travel (Wales) Act Guidance (ATAG), including the standards relating to the required number of spaces (page 241) and appropriate provision for adapted cycles.

Details demonstrating full compliance with this guidance should therefore be secured as part of the development.

Kind regards,
Chad
