

NEATH PORT TALBOT COUNTY BOROUGH COUNCIL

The Town and Country Planning (Development Management Procedure)
(Wales) Order 2015 (as amended)

HEAD OF ENGINEERING & TRANSPORT

HIGHWAYS OBSERVATIONS

PLANNING APPLICATION NO: 2/3/25/0754/00 RECON 26.05.26
APPLICANT: MR NEAL HUNTER
LOCATION: CARDONNEL COURT, CARDONNEL ROAD,
SKEWEN, NEATH PORT TALBOT, SA10 6BS
PROPOSAL: CONSTRUCTION OF A RESIDENTIAL CARE
FACILITY WITH ASSOCIATED WORKS
AMENDED GENERAL ARRANGEMENT PLAN
WITH REFUSE VEHICLE TRACKING

The Highway Authority, in responding to the above application, provides the following substantive response:

No comment	☐
No objection (subject to any specified conditions below)	☒
Concerns have been identified (see below for how those concerns can be addressed by the applicant)	☐
Objection – on the grounds set out below	☐

MY HIGHWAYS OBSERVATIONS ON THIS PROPOSAL ARE AS FOLLOWS:-

No Objection subject to the conditions below:

1. All works to be constructed on the public highway shall be subject to Road safety Audits, stages 1 to 4 in accordance with GG 119 of the Design Manual for Roads and Bridges. Each stage of the Road safety Audit shall be submitted for approval in writing by the Local planning Authority. All issues highlighted at each stage, being addressed to the written approval of the Local Planning Authority within 3 months of that stage of that Road safety Audit has been approved.
2. Prior to first beneficial use of the development, the parking arrangement shown on 'General Arrangement Plan at Upper Ground Floor' Revision E, shall be implemented and thereafter retained in perpetuity.
3. Prior to commencement development, full construction details for new junction shall be submitted to and approved in writing by the LPA.

4. Prior to first beneficial use of the development, the vehicular visibility splays shown on drawing 'General Arrangement Plan at Upper Ground Floor' Revision E, shall be implemented and retained in perpetuity thereafter.
5. No development shall commence (including any site clearance), until a Construction Environmental Management Plan has been submitted to and approved in writing by the Local Planning Authority. The approved Statement shall be adhered to throughout the construction phases. The Statement shall provide for:
 - a. **Construction methods:** details of the extent and phasing of development; details for the storage and management of plant and materials used in constructing the development
 - b. **Drainage:** Details of drainage measures during construction phases to ensure that the drainage of any adjoining land, and land downstream is not interrupted or otherwise adversely affected by the development.
 - c. **General Site Management:**
 - i. details of the construction programme including timetable
 - ii. details of site clearance
 - iii. details for erection and maintenance of security hoarding including decorative displays and facilities for public viewing.
 - d. **Control of Nuisances:** Wheel washing facilities and measures to control light spill.
 - e. **Traffic Management:**
 - i. details of all site deliveries including routes of vehicles, plus delivery and construction times
 - ii. details for the loading and unloading of plant and materials; details for the parking of vehicles of site operatives and visitors
 - iii. scheme for the erection of temporary/semi-temporary signage
 - iv. The frequency and size of vehicles used to transport the waste material arising from the construction works;
 - f. **Hours of working on site,** including specified hours for deliveries; details of restrictions to be applied during construction and demolition works (including timing, duration and frequency of works) to prevent noise or nuisance amenity issues to surrounding properties.
 - g. **Responsible Persons:** details of the persons and bodies responsible for activities associated with the CEMP and emergency contact details, the CEMP must also be signed by the responsible person.

NOTES TO APPLICANT

Works on the Existing Highway

Developers' attention is drawn to the provisions of Section 278 of the Highways Act, 1980 in cases where a development would require access or other works to be carried out within the existing highway. Where highway works to benefit a development require land adjacent to an existing highway to be constructed upon together with works on the existing public maintained highway, a hybrid S38/278 shall be used.

Works that are to be undertaken within the existing public maintained highway only will require a S278 agreement. No Work shall be undertaken on the existing public maintained highway until the appropriate legal agreement has been entered into.

Any works undertaken on the public highway without the appropriate legal agreement with the Highway Authority, the Highway Authority has the right to request the developer to remove and/or reinstate that part of the highway back to its original condition to the satisfaction of the Highway Authority.

A plan detailing the differences between the existing and proposed highway shall be submitted to form part of the legal agreement, this should be made up of two colours, green for the proposed area to be adopted and brown for the existing highway.

Developers are reminded that consent under the Town and Country Planning Act, 1990/91, conveys no approval for works to be undertaken affecting any part of the public highway, including verges and footways. The Developer must:-

- (i) Obtain the approval of Neath Port Talbot County Borough Council as Highway Authority for the details of any works to be undertaken in the Public Highway.
- (ii) Indemnify the Authority against all claims arising from such works, including claims under the Land Compensation Act.
- (iii) Give not less than 10 working days notice in writing of the date of commencement of the works.

As part of this process you are advised that only certain contractors are permitted to undertake the works on the public highway, a list of these contractors are available from the Highway Authority's Highway Development Control Section.
