Dyddiad/Date: 03 August 2026

Annwyl Syr/Madam/ Dear Sir/Madam,

Bwriad/Proposal:

Lleoliad/Location: Verge at Junction of Central Avenue and Polaris Drive, Baglan Energy Park, Port Talbot, SA12 7AX.

Thank you for consulting Cyfoeth Naturiol Cymru/Natural Resources Wales (NRW) about the above, which we received on 22 July 2026.

We have **no objection** to the proposed development as submitted and provide the following advice.

Flood risk

Following an initial review of the submitted Flood Consequences Assessment (FCA) (ref. 425.066647.00001 (124) Version 1 dated July 2026) as we consider the proposal to be low risk. However, it is for the planning authority to determine whether the risks and consequences of flooding are acceptable. Therefore, if you require technical advice on the submitted FCA to arrive at this judgement, please notify us and allow us additional time to undertake the review.

The planning application proposes less vulnerable development, namely an Energy Storage System (Battery Box). The Flood Map for Planning identifies the application site to be at risk of flooding and within Flood Zone 2 (Rivers).

Given the scale and nature of the proposed development we consider the proposals could be acceptable, subject to the developer being made aware of the potential flood risks and consequences. We would also expect the developer to take the opportunity to incorporate flood resilient design where feasible.

Guidance on resilient design can be found in Chapter 13 of Technical Advice Note 15: Development, flooding and coastal erosion, dated 2025, which references advice from

Construction Industry Research and Information Association, including a Code of Practice and Guidance for Property Flood Resilience.

We provide advice on our website [Natural Resources Wales / Preparing for a flood](#) which may be useful for the developer or occupant of the proposal.

Other matters

The advice in this letter relates to matters which are included on our [consultation topics list](#). We do not rule out the potential for the proposed development to affect other environmental interests that are not included on this list.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our [website](#) for further details.

If you have any queries about the above, please do not hesitate to contact us.

Yn gywir / Yours faithfully,

G Cuthbert

Cynghorydd - Cynllunio Datblygu/Advisor - Development Planning
